"Never Say Never"

The hilariously spooky novel by Nicholas Favaza

FOR IMMEDIATE RELEASE

Saturday, June 5, 2010 – (New Orleans, LA) Write2Grow is proud to announce it has signed deals to pair novelist Nick Favaza and illustrator John Randall York for a release of the outrageously funny, Sci-Fi novel, "Never Say Never."

This marks the first time Write2Grow has gone after a specific artist to illustrate any specific title, according to W2G CEO, Gary Dauphin. "'Never Say Never' is such a unique approach to story telling, we felt strongly that they only way to properly convey the style of the novel was to pair it with an incredible cover. When we saw the work of Texas artist John Randall York, we felt we found the incredible style we were looking for."

The new release should be available by July 15, 2010.
